A permission slip for the Narrows and to sing at the nursing home was sent with your child, please return ASAP. The field trip to the Narrows is to learn about sugar mapling. It lasts approximately 90 minutes, most of which is outdoors. Your child should be in uniform on Friday and dress for the weather. Please send them with boots, mittens etc. They should have a change of shoes for after the field trip. The field trip will only be postponed if the temperature is below zero.
