

Bio Collage Assignment

For this assignment, you will be completing a Bio Collage, a collection of items that represent you. The requirements for this project include the following:

1. You must provide the paper or poster board your collage will be on.
2. The paper or poster board should be an average, standard size poster board. It can be any color.
3. You must have your first name and one photo of yourself on the front.
4. You must have the Bio Poem (written out, typed out, whatever style) on the front of the collage. Do not simply glue the sheet I gave you in class to the front.
5. Include any personal items that you feel provide a good representation of yourself. These may include photos, ticket stubs, souvenirs, cut-outs from magazines, anything that is personal to you and your personality.
6. This is an assignment about YOU, so make it as creative and as personal as possible. This assignment is all about showing off your greatest possession – YOU!!!
7. This will be a graded assignment.

Due September 2, 2011.
