

## Book Report in a Container Project

Select a novel of at least 120 pages. Bring the book to your teacher for approval by **November 18**. It is a good idea to choose an Accelerated Reader book.

Read your book, while reading keep a list of any unfamiliar vocabulary in your Language Arts journal.

When you are finished you will create a book report in a container. Be creative with your choice of containers: empty cereal box, oatmeal canister, lunch bag etc.

Your report should have the following:

Decorate your container with the book title, pictures, words etc. relevant to the story

On loose leaf paper write a list of twenty vocabulary words with definitions and place inside the container.

Include inside the container 5 items connected to the story. You should be able to find these items around your house.

For Example:

### Charlotte's Web

Plastic spider, Blue Ribbon, ripped out word from a magazine,  
Popcorn, little plastic farm animals

You will present your project to the class and explain what your favorite part of the book was.

Each element = 25 points

Total project = 75 points

Project Due December 16, 2011
